to school.

What are we going to do?

What do they know?

I told my parents that we messed around

Neal: What do you mean by messed around, you mean got physical.

Yeah, and yesterday

Neal: You told them about those two times.

Yeah

Neal: How did David find out?

I think one of the times I checked my messages on his phone I might have like not

signed out. And when he tried to use the internet again it wouldn't do it.

Neal: Yeah, we weren't careful enough.

What are we going to do?

Neal: Do you think your parents will talk to me.

No they hate you.

Neal: Well, right now I am in trouble and so is your brother.

Neal I don't know it's not your fault it's mine. I should have pushed you

away.

You did push me away. Not enough obviously.

Neal: No, not enough.

Neal: What I'm going to need from you, is I'm going to need you to tell people if this anywhere if this goes to the police it will make it easier if you tell people that you

were pursuing me and this was a mutual arrangement.

Neal: We can mitigate it to some degree. And maybe less jail time for me or keep me

out all together. I am going to lose my job, both of them. And like I said

registered sex offender status.

I'm sorry.

Neal: I basically sold the rest of my life down the river for the past three

weeks. I guess that makes you the golden child of my life. You are the only

person with whom I can possibly ever now have a romantic relationship with.

Neal: I guess this kind of makes me committed to you.

What do I tell the police when my parents call.

Neal: Tell them what you told your parents. Tell them whatever you want. Tell them

as little as possible, but you tell them what you told your parents I guess.

that's all you can do. See, now that I know what you know, then we can have

the same straight story.

Neal: The best we can expect is your parents don't say anything to anyone. They're going to, I would put my life on it.

Should I tell them that we basically went down on each other.

Neal: No, no. That makes it worse. If we just say that we kissed that we made out.

at most we made out we kissed we just kind of held and caressed each other

then that's not statutory rape. And that saves me from a hell of a lot of trouble.

Neal: You have to make sure there is nothing in written form. You have to
